Attachments: Request for Reconsideration (RFR #17002A) Chloroprene Toxicological Review

Marisa,

Congratulations on your move to OAR! Attached is the February 5, 2021 email/letter from EPA (the body of the email and the letter have the same content)

Happy to chat if you have other background questions on chloroprene.

Have a great weekend,

Kris

Subject: EPA Response Letter to Denka (RE: RFR #17002A, Chloroprene Toxicological Review)

Hi Kris,

I recently changed positions from ORD (PALs) to OAR in Kelly Rimer's group working on Air Toxics. I am working on understanding the current events surrounding chloroprene and Denka. It would help me in decoding Denka's most recent RTR withdrawal letter if I could read the response letter ORD drafted prior to the withdrawal request. More specifically, Denka mentions a letter that was received from EPA dated Feb 5th, 2021. Do you happen to have this letter on hand or know the control number to help me track it down? I appreciate any information you can provide.

Best,
Marisa Pfohl, Ph.D.
U.S. EPA
